CIRCULAR

Ref-No. IISJ/PR/2020-21/001

Date: April 06, 2020

INFORMATION FOR THE PARENTS

Dear Parents,

During this time of social distancing due to the Global Corona Crisis, we want to ensure that each of our students continue to have access to quality curriculum and assignments through remote classes to bridge the learning gap due to indefinite lockdown situation.

We have a plan to deliver instructions through a virtual learning environment and we need your support to ensure the success of our efforts. Please take a moment to review our plan below and talk to your child about the importance of continuing their education during this disturbing phase.

How will it be conducted?

1. Students will receive instructions through recorded videos, PPTs, Links to YouTube videos, PDF files of textual materials, notes, worksheets, assignments, tests etc. shared through WhatsApp class groups or to be uploaded on our website in all core subjects viz. English, Math, Science, and Social Studies, Hindi & Third Language and subsidiary subjects like Computer Science, Islamic Studies/Moral Science, Art and Craft etc.
2. Students should log in on the Class Whatsapp groups (under your supervision) each day to check for lessons, assignments and instructions from the teacher. Please facilitate them to note down the assignments/worksheet shared in the group in their note-books for further activity.
3. Beginning Tuesday, April 7th 2020 instructional videos for core & subsidiary subjects will be uploaded/shared in the group.
4. Teachers will post relevant supplementing materials to support students with instructional delivery of content such as annotated notes, PowerPoint presentations and website Links.
5. Teachers will be available to monitor and respond to students queries from 9:30 am until 12:30 pm every day regarding questions about lessons, assignments and instructional material.
6. Class teachers will conduct a Zoom meeting once a week for more guidance and feedback.

How can you help?

- Ensure that your child checks the posts on a daily basis.
- Ensure that your child watches the recorded videos and writes important points based on his/her watching the video.

- Ensure that your child is completing all required assignments in a timely manner and completes the notebook regularly.
- Encourage your children to reach out to their teacher if they have any questions or concerns or need any extra help.
- Do not post personal queries on groups.
- Interact with teachers only between 9:30am to 12:30pm as beyond these timings they will be working on preparing the resources.
- Please bear in mind that children are spending their full time as students of home-schooling and parents are like their loco-teachers. So involve yourself with your kids as a parent-cum teacher in their learning efforts.

Expecting your wholehearted cooperation in making this mission a success.
