### Advisory to Parents

#### Respected Parents,

Keeping the current indefinite shutdown of International Indian School Jeddah in view due to coronavirus outbreak, use of digital learning platform is the only solution to overcome the disruptions in regular schooling.

We therefore, advise you to enable your ward to utilize various paid and free digital content in different core-subjects viz. Science, Mathematics, Social Studies for Primary & Secondary classes and other core-subjects for Senior Secondary classes.

Meanwhile, the school has also instructed subject teachers handling class X & XII to start online classes in their respective subjects through digital platforms like Eztalks and Zoom.

It is very crucial and primetime for school and parents to make joint efforts to ensure that learning should not stop for children due to such global crisis.

In this regard, parents are advised to facilitate their children to use the following paid & free online contents available subject-wise so as to make pace with their regular learning school which is at present on complete halt.
