### Subject: Infection Control Advice to Parents & Students

Dear Parents,

It is observed that some of the students have mumps-like symptoms and other infectious diseases. The presence of such students in the school can potentially infect the other peer group of students.

Parents are therefore advised to avoid sending their wards to school in case they have any symptom of mumps or other infectious diseases.

The administration prioritizes the wellness of children to promote a healthy school environment. If your child contracts mumps or any contagious disease, please inform the class teacher for school records and refrain from sending your child to school until full recovery.

The school has a very flexible sick leave policy for such students suffering from such viral sickness and they will be given proportionate marks on submission of medical certificate.

  
(Dr. Mohammad Imran)  
Principal
